

Calendar

2008

The **International Conference on Nanoscience and Nanotechnology (ICONN)** will take place 25-28th February 2008 in Melbourne, Australia. Please find further information in the registration brochure attached and please visit the conference website: www.ausnano.net/iconn2008. Program - <http://www.ausnano.net/iconn2008/program.php>

The **22nd Santa Fe Symposium on Jewelry Manufacturing Technology** will be held in Albuquerque, New Mexico, USA 18-21st May 2008. Details www.santafesymposium.org

The **11th Annual NSTI Nanotech Conference** will take place 1-6 June 2008 in Boston, Mass. USA. Details at: www.nsti.org

The **32nd Annual IPMI Conference of Precious Metals** is to be held in Desert Ridge Phoenix, Arizona on 6th June 2008 – 10th June 2008. Details from www.ipmi.org

International Symposium on Homogeneous Catalysis will be held in Florence (Italy) from 6th to 11th July 2008. Symposium web site www.ishe16.it

Nanocatalysis: Fundamental and Applications will be held in Dalian, China July 9-12th 2008. For general enquiries e-mail: congress@dicp.ac.cn call for papers www.nano.dicp.ac.cn. The scope of the conference covers Synthesis of nanomaterials, Characterization and theory, Applications of nanocatalysis.

14th ICC, Seoul, Korea and Symposium on Creation and Control of Advanced Selective Catalysis in Kyoto, Japan The 14th International Congress on Catalysis (ICC) is to be held in Seoul, Korea from 13th-18th July 2008. Topics for the conference include 'Innovations in catalyst design', 'New findings in reaction mechanisms', 'Advances in catalytic reaction engineering', 'Catalysis in energy/fuel production', 'Catalysis for fine chemicals/ industrial chemicals production' and 'Sustainable green catalysis'. Further information can be found on the conference website (www.icc2008korea.com). There will be a pre-symposium on advanced selective catalysis in Kyoto, Japan from 8th-12th July www.shokubai.org/intern/ICC-Pre/

5th International Conference in Environmental Catalysis (5th ICEC) will take place 31st August – 3rd September 2008 at Queen's University, Belfast, N Ireland. Details via Prof. R Burch, e-mail: r.burch@qub.ac.uk

2nd International Conference on the Electrochemical Promotion of Catalysis and its Applications (epocap) will be held on Oleron Island, France on the 29th September to 3rd October 2008. www.efepoc.com

2009

6th World Congress on Catalysis (6WCOC) will be held in Lille, France on the 5th to 10th July 2009 www.6wcoc.org. Congress topics are Fundamentals and analysis, Towards transferability: from fundamental to application and Transferring technologies and industrial processes

GOLD 2009 The 5th International conference on gold science, technology and applications will take place at Heidelberg, Germany, 26th-29th July 2009. See conference website for details and call for papers, www.gold2009.org
